1 Deemed Contract

- 1.1 Paragraph 8 of Schedule 2B to the Gas Act provides for certain circumstances in which the owner or occupier of premises will be deemed to have contracted with Smartest for the supply of gas to those premises. Smartest made a scheme pursuant to that paragraph on 01/09/2018. In accordance with that scheme, these are the terms and conditions which are to be incorporated into the resulting deemed contracts. These Terms and Conditions apply from 01st July 2024. Note that the terms and conditions of this deemed contract will differ from those that would apply if a contract for the supply of gas was agreed with either Smartest or another gas supplier. Please see Smartest's website www.smartestenergy.com for further information.

2 The Supply Contract

- 2.1 These Terms and Conditions shall apply to and be incorporated into the Supply Contract, and shall take precedence over any inconsistent or conflicting terms or conditions implied by law, trade, custom, practice or course of dealing.
- 2.2 Smartest agrees to provide the Supply to the Customer, and the Customer agrees to pay for such Supply, in accordance with the Supply Contract.
- 2.3 The Supply Contract takes effect from the time that the Customer is deemed to have contracted with Smartest, and continues until it is ended in accordance with Clause 15.
- 2.4 Smartest has provided the Customer with a summary of the principal terms contained in these Terms and Conditions, if the Customer requires a further copy, Smartest shall provide a copy as soon as reasonably practicable after a request from the Customer to do so.

3 Information

- 3.1 The Customer shall provide to Smartest such Information as Smartest may reasonably request.
- 3.2 The Customer appoints Smartest as its agent for the purpose of obtaining such Information as Smartest may require in order to commence, maintain or continue the Supply, including, for the avoidance of doubt, any historical Supply Point data.

4 Customer Warranties and Covenants

- 4.1 The Customer represents and undertakes as follows (each being a **"Warranty"**):
- (a) it has complied with the Gas Industry Rules (insofar as applicable to it);
 - (b) it is party to a Gas Connection Agreement if the Site needs a Gas Connection Agreement under the Gas Industry Rules;
 - (c) the Site does not constitute domestic premises (as defined under the Gas Supply Licence); and
 - (d) the Site has a Gas Meter which supports Daily Meter Reading and which is compliant with the Gas Industry Rules.
- 4.2 The Warranties shall be deemed to be repeated by the Customer on each day until the date on which Smartest ceases to be the Gas Registrant. The Customer shall monitor the continued accuracy of the Warranties and inform Smartest as soon as is reasonably practicable should any Warranty become (or be likely to become) untrue, inaccurate or misleading.
- 4.3 The Customer is responsible for all the pipes, equipment, infrastructure and buildings at the Site and on the Customer's side of the Supply Point, and shall make sure that they are kept in good working order and in a safe condition.

- 4.4 The Customer shall immediately notify Smartest if the Customer is, or subsequently becomes, a Micro-Business Customer as defined under the terms of this Supply Contract.
- 4.5 Subject to Clause 4.6, where the Customer is a Micro-Business Customer Smartest may only send the Customer an Invoice in relation to:
- (a) units of gas which could reasonably be considered to have been consumed by the Customer within the 12 months preceding the date of the Invoice; and
 - (b) Charges accrued within the 12 months preceding the date of the Invoice.
- 4.6 Clause 4.5 shall not apply in the following circumstances:
- (a) where Smartest has previously sent an Invoice in relation to the same units of gas or Charges and such invoice has not been paid by the Customer; or
 - (b) Smartest has been unable to issue an Invoice for the correct amount of gas consumed due to (in Smartest's reasonable opinion) the obstructive or manifestly unreasonable behaviour of the Customer; or
 - (c) any other circumstances, which following consultation, the Authority may specify by publishing a statement in writing.
- 4.7 The Customer shall comply with all relevant local laws and regulations.
- 4.8 The Customer shall provide to Smartest no less than twenty Business Days written notice of any proposed or likely Change of Control. Subject to any confidentiality restrictions, the Customer shall promptly provide all further information and documentation that Smartest may reasonably request in relation to such Change of Control.

5 Supply

- 5.1 The Supply shall be deemed to be delivered at each Supply Point and rights and risks in the gas shall pass to the Customer on delivery, and (without limiting the generality of the foregoing) any losses or shrinkage suffered at or beyond any Supply Point shall be at the risk of and for the account of the Customer.
- 5.2 The Supply to the Site is delivered through infrastructure operated by third parties (such as the Gas Transporter) and the Customer acknowledges that Smartest has no control and no obligation in relation to that infrastructure and Smartest does not guarantee that the third parties will deliver gas to the Supply Points at all times nor that the gas delivered will be free from variations in pressure or calorific value. If the Customer needs a continuous supply of gas, the Customer should maintain back-up supplies.
- 5.3 The Customer shall notify the Gas Transporter immediately if a loss of supply causes, or is likely to cause, an emergency or a situation in which people or property are likely to suffer damage. Emergency contact details for Gas Transporters can be found on their websites.
- 5.4 If Smartest, the Customer and/or the Gas Transporter is directed to restrict the supply of gas to a Site, then it is agreed that they should and may comply with that direction (and, in such circumstances, the Customer shall comply with instructions to stop using gas at the Site).

6 Gas Supply Charges

- 6.1 The Customer shall pay for the Supply at the Deemed Rates.

- 6.2 The Customer shall also reimburse Smartest for any additional costs or losses incurred or suffered by Smartest in relation to additional services or activities over and above the standard Supply. In any event (and without prejudice to the foregoing) Smartest shall be entitled to recover any costs or losses (including any Economic Loss) incurred in respect of any of the following:
- (a) as a result of the Customer not paying any invoices by cleared funds within the payment period set out in the relevant invoice; and/or
 - (b) if the Gas Meter at the Site is damaged or interfered with or has to be changed or modified because it does not comply with the Gas Industry Rules or does not support Daily Meter Reading.
- 6.3 The Deemed Rates are exclusive of any VAT, Climate Change Levy or any other tax chargeable in relation to the Supply. Subject to Clause 6.4, the Customer shall pay to Smartest any VAT, Climate Change Levy or any other tax properly chargeable in relation to the Supply.
- 6.4 Where the Supplies attract (or start or cease to attract) a discounted (or zero) rate for the Climate Change Levy (or any other tax), then the Customer shall notify Smartest immediately, and shall provide any evidence Smartest requires in relation to the same, including the relevant HMRC forms. Unless and until the Customer provides such evidence and forms, Smartest shall not apply the discounted (or zero) rate.
- 6.5 Where the Supply Contract has been deemed to have come into effect as a result of a Last Resort Supply Direction Smartest shall honour the Customer's Customer Credit Balances, provided and to the extent that Smartest committed to do so before the Authority gave approval to grant Smartest a Last Resort Supply Direction and the Supply Contract arose as a result of the Last Resort Supply Direction.
- 6.6 Smartest shall use all reasonable endeavours to provide the Customer with a final Invoice within six weeks of the End Date.
- 6.7 In the event Smartest owes the Customer any amount pursuant to the Supply Contract, such amount may be offset against any other amount owed by the Customer pursuant to any other contract for the supply of gas deemed to have been entered into pursuant to Paragraph 8 of Schedule 2B to the Gas Act or any other agreement for the supply of electricity by Smartest to the Customer.

7 Credit Support

- 7.1 Smartest may from time to time make an appraisal of the Customer's Credit Rating and may from time to time update that appraisal and monitor and record information relating to the Customer's trade credit performance. As part of any such appraisal Smartest may make a search with a credit reference agency. The credit reference agency may keep a record of that search and may share information with other businesses. Such records may also be made available to credit reference agencies, who may share that information with other businesses in assessing applications for credit and fraud prevention.
- 7.2 If, during the Relevant Period:
- (a) Smartest receives notice that it will cease; or Smartest actually ceases to have the benefit of any Credit Support or credit insurance cover held in respect of the Customer; or
 - (b) there is in Smartest's reasonable opinion any material change in the terms of any Credit Support or credit insurance policy held in respect of the Customer; or
 - (c) there is in Smartest's reasonable opinion any change in the financial standing of any Credit Support Provider;
 - (d) there is any Change of Control of any Credit Support Provider such that the Credit Support provider is controlled by a person who:
 - (i) is a person with whom Smartest cannot lawfully contract or whose Control of the Credit Support Provider makes the Customer a person with whom Smartest cannot lawfully contract; and/or
 - (ii) does not adequately meet the other Smartest's KYC Requirements; and/or

- (iii) is itself the subject of any Insolvency Event;
- (e) in Smartest's reasonable opinion the amount of any Credit Support or credit insurance held is lower than the Customer's maximum potential liability under the terms of the Supply Contract including but not limited to where the Customer's consumption requirements increase and/or there is a change in wholesale electricity market prices; or
- (f) there is any change to the amount of any Credit Support or credit insurance held in respect of the Customer,

then Smartest may require the Customer to provide additional and/or increased Credit Support in a form, of an amount and by the date specified by Smartest from time to time.

- 7.3 The Customer shall ensure that such Credit Support (or any substitute thereof) is in place and effective for the duration of the Relevant Period and a further period of one month immediately following the end of the Relevant Period, and shall (where necessary) ensure that replacement Credit Support is in place not less than 30 Business Days prior to the termination or expiry of any then current Credit Support (such replacement Credit Support to have effect on or before such termination or expiry). Smartest shall not be obliged to account to the Customer for any interest earned on any Credit Support held by Smartest, other than as may be agreed in respect of cash.

8 Terms of Payment

- 8.1 Provided Smartest has complied with the provisions of Clauses 7.5, 9.2 or 9.10, Smartest shall issue an Invoice to the Customer in respect of each Billing Period. Invoices shall be issued by email or post or such alternative method as Smartest may elect. Where however the Customer so requests, Invoices shall be issued to the Customer by post.
- 8.2 If any element of the Charges is either wrongly omitted from, included or calculated in an Invoice (including the final Invoice), then Smartest will issue a credit note or a debit note (as appropriate) as soon as practicable followed by a revised Invoice. For the avoidance of doubt, where the Actual Data is either incorrect or incomplete, Smartest shall not be obliged to pay to the Customer any amount it cannot recover relating to any period prior to the relevant final reconciliation has taken place in accordance with the Gas Industry Rules.
- 8.3 Subject to Clause 8.4, the Customer shall pay each Invoice (without set off, deduction or counter claim) in full within ten Business Days of the date of the Invoice. All payments to be made by the Customer shall be in sterling and paid to Smartest by direct debit.
- 8.4 If any item or part of any item on any Invoice is disputed by the Customer at all times acting in good faith (a "**Disputed Amount**"), the Customer shall pay the undisputed items and/or parts of items in accordance with Clause 8.3, and Clause 8.5 shall apply in respect of the Disputed Amount.
- 8.5 If the Customer raises a dispute in accordance with Clause 8.4, it shall give Smartest notice of the Disputed Amount and its reasons for raising the dispute. The Parties shall act in good faith to try to resolve the dispute within five Business Days of the date of receipt of such notice. If the Parties fail to agree a figure for the Disputed Amount, then the Customer shall send a Dispute Notice and the matter shall be determined in accordance with the process set out in Clause 20.
- 8.6 Any Disputed Amount that is agreed or determined to be payable by the Customer shall be paid within five Business Days of the dispute being resolved together with interest in accordance with Clause 8.7 from the original due date.
- 8.7 If the Customer fails to pay to Smartest any amount due under the Supply Contract, Smartest shall be entitled to charge:
- (a) interest on such outstanding amount at an annual rate equal to SONIA plus 4.5 percentage points; and
 - (b) an administrative charge of 2% of the overdue balance or £50 per MPAN, whichever is greater.

Such interest shall accrue on a daily basis from the due date to the date payment is made and shall be compounded monthly.

- 8.8 If the reference interest rate specified in Clause 8.7 ceases temporarily or permanently to be published, then the Party owed the money may substitute a rate which it considers in good faith to be equivalent to that rate published by a London clearing bank.
- 8.9 Where Smartest is obliged to make any payment to the Customer (under the Supply Contract or otherwise), Smartest may set-off such payment, upon notice to the Customer, against any amounts that are due and payable by the Customer to Smartest (under the Supply Contract or otherwise).
- 8.10 In the event Smartest either becomes aware or has reason to believe that the Customer is having or will have difficulty paying all or part of the Charges the Parties may discuss and Smartest shall use reasonable endeavours:
- (a) use, where available, a means by which payments may be deducted at source from a social security benefit received by the Customer;
 - (b) by regular instalments; or
 - (c) by using a Prepayment Meter, where it is safe and reasonably practicable in all the circumstances of the case for the Customer to do so.

9 Gas Meters, Meter Asset Managers and Automated Meter Readings

9.1 Where the Customer is the Gas Act Owner, this Clause 9.1 shall apply.

- (a) The Customer shall ensure that the Gas Meter remains installed at the Site, and that it complies with the requirements of Law and the Gas Industry Rules.
- (b) The Customer shall contract with a Meter Asset Manager (under suitable terms) that is approved by Smartest for each Supply Point.
- (c) The Customer shall:
 - (i) ensure that the Meter Asset Manager maintains the Gas Meter at each Supply Point, and acts at all times, in accordance with Good Industry Practice, the Gas Industry Rules and all applicable Laws; and
 - (ii) indemnify Smartest against all costs, claims, proceedings or demands Smartest incurs as a result of any fault or failure in the Gas Meter or any act or omission of the Customer or any of the appointed Meter Asset Managers.
- (d) Without prejudice to Clause 10.3, in the event that either Party disputes the accuracy of any Gas Meter, the Customer shall promptly arrange for such Gas Meter to be inspected and tested in accordance with the Gas Industry Rules and any other relevant Law. If the Gas Meter is found to be operating within the relevant limits of accuracy, the cost of the inspection shall be borne by the Party who disputed its accuracy. If not, the Customer shall bear the costs of the inspection and repair or replacement.
- (e) The Customer shall give Smartest no less than twenty-five Business Days' prior written notice of any changes to any Gas Meter or of any Meter Asset Manager contracted by the Customer.

9.2 Where Smartest is the Gas Act Owner, this Clause 9.2 shall apply:

- (a) Smartest shall contract with a Meter Asset Manager for each Supply Point.
- (b) Smartest shall pass through to the Customer all costs associated with metering at each Supply Point including:
 - (i) direct costs associated with contracting the Meter Asset Manager; and

(ii) costs incurred as a result of removal or replacement of a meter.

(c) Without prejudice to Clause 10.3, in the event that either Party disputes the accuracy of any Gas Meter, Smartest shall promptly arrange for such Gas Meter to be inspected and tested in accordance with the Gas Industry Rules and any other relevant Law. If the Gas Meter is found to be operating within the relevant limits of accuracy, the cost of the inspection shall be borne by the Party who disputed its accuracy. If not, Smartest shall bear the costs of the inspection and repair or replacement.

9.3 The Customer shall:

(a) not move, disconnect, wilfully damage or otherwise tamper with the Gas Meter or Automated Meter Reading Equipment or any part of it or procure or allow any third party to do so;

(b) without prejudice to paragraph (a) above notify Smartest and the Gas Transporter as soon as possible if there has been damage to or interference with any Gas Meter and/or if the Customer is aware (or should reasonably be aware) that the Gas Meter is not accurately recording the Supply (in which case the Customer shall provide Smartest with all information that Smartest and/or the Gas Transporter reasonably requires to assess the cause, nature and effect of any such damage or interference);

(c) ensure that the area in which the Gas Meter and Automated Meter Reading Equipment are installed has the environmental conditions necessary for their safe operation;

(d) only connect devices to the Gas Meter or Automated Meter Reading Equipment to measure a pulse output following agreement by Smartest; and

(e) ensure that the area in which Gas Meter and Automated Meter Reading Equipment are installed is kept safe and secure.

9.4 Smartest is entitled to read and configure the Gas Meter and to Isolate (in accordance with Clause 16.1) the Site by means of remote communication if the Gas Meter and associated Automated Meter Reading Equipment has the functionality that allows Smartest to do so.

9.5 Smartest shall calculate the Charges using the readings from the Gas Meter, unless Smartest has reason to believe that the Gas Meter has not accurately recorded the Supply (in which case Smartest may use a reasonable estimate, subject to reconciliation if actual data subsequently becomes available).

10 Flexibility

10.1 The Customer shall seek prior approval from Smartest (such approval not to be unreasonably withheld) if they wish to enter into any Flexibility arrangements with a third-party (whether a non-BSC party or not) and the Customer shall promptly provide Smartest with any associated data.

11 Access

11.1 The Customer shall grant (or procure the grant of) Access Rights to Smartest, the Gas Transporter or any Service Provider for inspecting, maintaining, repairing, replacing and reading the Gas Meter, or Isolating the Site or any Supply Point or any other purpose connected with the Supply Contract (and such access shall be safe and reasonable).

11.2 If either Smartest or its Service Provider attempts to exercise the Access Rights but is prevented from doing so, the Customer shall be liable for (and shall on demand pay) all costs associated with the attempt to exercise the Access Rights and/or resulting from the inability to exercise the Access Rights.

12 Force Majeure

- 12.1 Neither Party shall be liable to the other for any delay or failure to fulfil its obligations under the Supply Contract due to the occurrence of an event of Force Majeure provided that:
- (a) the Parties shall not be relieved by reason of Force Majeure from any obligation to indemnify or make any payment under the Supply Contract; and
 - (b) the Party claiming to be affected by Force Majeure shall take all reasonable measures to mitigate and/or remedy the effects of the Force Majeure as soon as possible.
- 12.2 The Party claiming to be affected by Force Majeure shall promptly notify the other Party: (a) of the nature of the Force Majeure, the expected duration of the Force Majeure, and the measures it is taking to remedy and/or mitigate the effects of the Force Majeure; and (b) when the Force Majeure ceases to have effect.

13 Liability

- 13.1 Subject to Clause 14.3, the maximum liability of either Party to the other Party (whether for breach of contract, negligence, in tort or otherwise) under or in connection with the Supply Contract shall not exceed, per incident or series of related incidents, £1million.
- 13.2 Subject to Clause 14.3 and save where otherwise expressly set out in the Supply Contract, neither Party will be liable to the other Party (whether for breach of contract, negligence, in tort or otherwise) under or in connection with the Supply Contract for:
- (a) Economic Loss;
 - (b) indirect or consequential loss or damage of any nature; or
 - (c) any costs, claims, damages or expenses arising out of any tortious act or omission or any breach of contract or statutory duty, calculated by reference to profits, income, production or accruals or reduction of such profits, income, production or accruals or by reference to accrual of such costs, claims, damages or expenses on a time basis.
- 13.3 Nothing in the Supply Contract shall exclude or limit the liability of either Party to the other Party:
- (a) for death or personal injury resulting from negligence or for fraudulent misrepresentation;
 - (b) as regards any obligation owed by either Party under the Gas Industry Rules or any Law to the extent that the relevant Party is expressly prevented by the Gas Industry Rules or by Law from limiting its liability for failure to perform such obligation;
 - (c) as regards any obligation to pay the Charges (including any interest payable on late payments); or
 - (d) in relation to any indemnity given under the Supply Contract.
- 13.4 The Customer shall indemnify Smartest and keep Smartest indemnified from and against all costs, claims, demands or expenses incurred by Smartest as a consequence of the failure by the Customer to comply with the Supply Contract or the Gas Industry Rules or as a result of any act, omission or default of the Customer relating to any agreement from time to time in place with any third party (including any agreement with a Service Provider).
- 13.5 Each Party hereby acknowledges and agrees that the provisions of this Clause 14 are fair and reasonable having regard to the circumstances as at the date of the Supply Contract.

14 Termination

- 14.1 The Supply Contract shall automatically end on the earliest of the following dates:
- (a) the date on which a new contract (other than the Supply Contract) for the supply of gas to the Site by Smartest comes into effect;

- (b) the date on which a contract for the supply of gas to the Site by a gas supplier other than Smartest comes into effect and once that gas supplier has become the Gas Registrant in respect of the Site;
- (c) the date on which a Last Resort Supply Direction (as defined in the Gas Supply Licence) is given to a gas supplier other than Smartest in respect of the Site;
- (d) the date on which the Customer ceases to be the owner or occupier of the Site and another person is deemed to have contracted with Smartest for the supply of gas to the Site pursuant to paragraph 8 of schedule 2B to the Gas Act; and
- (e) the date on which Smartest confirms that the Site has been permanently isolated.

14.2 If the Customer wants to terminate the Supply Contract, the Customer may do so by procuring that one of the dates set out in Clause 15.1 occurs.

14.3 Smartest may terminate the Supply Contract on written notice with immediate effect, if:

- (a) the Customer has failed to remedy, within ten Business Days of receipt of a notice requiring remedy and to Smartest's reasonable satisfaction, the breach specified in the notice;
- (b) any sum payable by the Customer under the Supply Contract is not paid within five Business Days of its due date for payment;
- (c) any Warranty proves to have been false, inaccurate or misleading at the time it was made or repeated;
- (d) the Customer is subject to an Insolvency Event;
- (e) the Customer wilfully damages, or unlawfully interferes with, any Gas Meter;
- (f) an event of Force Majeure subsists for a period exceeding thirty days; and/or
- (g) where so required in accordance with Clause 7.2, the Customer fails to provide or maintain any Credit Support;
- (h) if the Customer is convicted of any criminal offence;
- (i) if the Customer is in breach of any government sanction;
- (j) if the Customer has any government sanction(s) imposed on it for any reason;
- (k) if the Customer, a member of its Group, any agent and/or subcontractor appointed by it is in breach of any relevant local laws and/or regulation;
- (l) the Customer undergoes a Change of Control such that the Customer is controlled by a person who:
 - (i) is a person with whom Smartest cannot lawfully contract or whose Control of the Customer makes the Customer a person with whom Smartest cannot lawfully contract; and/or
 - (ii) does not adequately meet the other Smartest's KYC Requirements; and/or
 - (iii) is itself the subject of any Insolvency Event;
- (m) the Customer has undergone a Change of Control and in Smartest's reasonable opinion the Customer's financial standing or creditworthiness has deteriorated;
- (n) if the Customer commits any breach of clause 28, 30 and/or 31 irrespective of whether such breach is continuing or not; or

if a public official or Politically Exposed Person becomes one of the Customer's officers or employees or acquires a direct or indirect interest in the Customer.

- 14.4 Either Party may terminate the Supply Contract on written notice with immediate effect in accordance with Clause 28, 30 or 31.
- 14.5 Without prejudice to clause 18.9, after any termination pursuant to this clause 15, Smartest shall not be obliged to provide the Supply to the Site or the relevant Supply Point (as the case may be) but all obligations and warranties of the Customer and rights of Smartest hereunder shall continue to apply until Smartest ceases to be the Registrant for the Site or such Supply Point.
- 14.6 The termination of the Supply Contract or any termination of Supply to the Site or any Supply Point, each in accordance with the Supply Contract, shall not affect any rights or obligations of either Party which may have accrued prior to such date. Without limitation, the Customer shall remain liable for the Charges payable in respect of the Gas Registrant Period (including where due to corrections to, or reconciliations of estimated, data made after this Appendix ceased to apply). In addition, the rights and obligations of each Party under Clauses 6 (Gas Supply Charges), 8 (Terms of Payment), 4 (Liability), 16 (Isolating Supply Points), 18 (Confidentiality and Data), 20 (Dispute Resolution), and 29 (Governing Law) shall survive such termination. In the case of Clause 18 (Confidentiality and Data), such rights and obligations shall survive for a period of 3 (three) years following termination.

15 Isolating Supply Points

- 15.1 Smartest may arrange (and give notice) for the Supply Point to be Isolated if:
- (a) one or more of the events listed in Clause 15.3 occurs;
 - (b) the Supply Contract has been terminated;
 - (c) the Customer does not make a payment when due under the Supply Contract or otherwise breaches the Supply Contract;
 - (d) Smartest considers that it is necessary in order to avoid danger and/or damage to property and/or personal injury;
 - (e) Smartest considers that it is necessary in order to comply with the Gas Industry Rules, or because a failure to Isolate would or might cause Smartest to breach the Gas Industry Rules or Law.
- 15.2 Smartest shall provide as much advance notice of any such Isolation as is reasonably possible in the circumstances.
- 15.3 If Smartest Isolates a Supply Point pursuant to Clause 16.1, the Customer shall be liable to reimburse Smartest the related costs, fees and expenses incurred by Smartest including, if applicable, reconnection of the Supply Point.

16 Customer Transfer Process

- 16.1 Subject to Clause 17.2, Smartest shall co-operate in relation to any request by the Customer to transfer a Site's supply of gas to an alternative supplier within two days of the request, unless the Customer requests that the transfer be completed at a later date, or any of relevant circumstances outlined in condition 14A of Smartest's Gas Supply Licence apply.
- 16.2 Smartest may enter an objection under the customer transfer process and prevent an alternative supplier from becoming the Gas Registrant for a Site if an alternative supplier attempts to become the Gas Registrant for the Site in error.

17 Confidentiality and Data Protection

17.1 Subject to Clause 18.2, each Party undertakes to treat as confidential and not divulge to any person any information relating to the other Party or its business or its affairs which came into its possession (or that of any of its employees, agents or contractors) as a result of or in connection with the Supply Contract ("**Confidential Information**").

 - (h) disclosed to or by credit reference agencies in the manner described in Clause 7.1;
 - (i) which is required, permitted or desirable under any Gas Industry Rule; or
 - (j) by Smartest, to a member of its Group, for the purposes of offering the Customer products and services relating to the Customer's Supply Point(s),

provided that the relevant Party shall be liable under this Clause 18 for any onward disclosure by the persons referred to in paragraphs (c) and (d) made in breach of this Clause 18.

17.3 The Customer shall not make (and shall procure that no person connected with it nor any of its directors, officers or employees shall make) any public announcement concerning the subject matter of the Supply Contract without the prior written approval of Smartest, such approval not to be unreasonably withheld or delayed.

17.4 The Parties agree and acknowledge that:

- (a) During the term of the Supply Contract Personal Data (as defined in the Data Protection Laws) may be disclosed by a Party (the "**Data Disclosing Party**") to the other Party (the "**Data Receiving Party**") in connection with the Data Receiving Party and/or its Affiliate exercising its rights and/or performing its obligations under the Supply Contract (in particular in order to ensure a communication). The Data Receiving Party undertakes that it will process such Personal Data in accordance with the Data Protection Laws.
- (b) The Personal Data disclosed under the Supply Contract may include but is not limited to a particular name and surname, name of an employer, employment position, work contact details, meter point details, meter point data and consumption and/or billing data.

(d) The Data Disclosing Party will notify the data subjects whose Personal Data has been transmitted to the Data Receiving Party of processing of their Personal Data by the Data Receiving Party and of the Data Receiving Party's rights determined in clause 18.4(a).

17.5 Smartest is the Data Controller (as defined in the Data Protection Laws) of Personal Data collected from the Customer.

17.6 The Customer agrees and acknowledges that Smartest may:

(a) give details of the Customer's account:
